Japanese cuisine is delicious, colourful and healthy. It is based on combining staple foods, typically rice or noodles, with a soup and okazu — dishes made from fish, meat, or vegetables to add flavor to the staple food. These are typically flavored with dashi, miso, and soy sauce. Breakfast will mostly be buffet style but maybe a set menu. Your meal at lunch and dinner will likely be a pre-set option or bento box style including a combination of the following: rice and miso soup, noodles or fish and vegetables. It is also important to note that in local Japanese restaurants, it is customary for most meals to be served at room temperature and that it is sometimes customary to remove your shoes prior to entering a restaurant.

The schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as the different ways they are prepared and cooked throughout Japan. Food is an important element of Japanese culture. It is a time for families and friends to come together and much of family life revolves around the dinner table. Most food is eaten with chopsticks so best get practicing as cutlery is not always available at restaurants.

It is imperative that you clearly communicate any and all dietary needs when booking, and don't forget to reaffirm them during your welcome briefing with your tour guide. However, it is crucial to understand that local restaurants might face limitations in accommodating specific dietary

requests, particularly in the cases of gluten-free, celiac, or vegan requirements. Please bear in mind that finding gluten-free options may not be as effortless as it is in Australia. Regrettably, we cannot assure that the food served will be entirely free from allergens.

For your convenience, generally, at the end of a long travelling day your meal will be at the hotel restaurant or nearby local restaurant.

Tea and coffee facilities are not always available in all hotels so consider bringing your own supply of coffee and tea bags. Water is included with meals, but other drinks are at personal expense.

Please read your travel guide, which you will receive with your final documents for more information about eating in Japan. We recommend that when it comes to Japanese food, you stay open minded and try to be adventurous!

ACCOMMODATION:

Your accommodation is selected for convenience of location, comfort or character, and can range from a business hotel in one city to a family run guesthouse in a smaller town. In more remote areas, accommodation may be of a lower standard and may not have all western amenities. In the Fuji area, hotels tend to be more traditional in style and culture. In this area, you may be asked to take your shoes off at the door and store them in a secure locker – this is very traditional Japanese culture. Please note, double bed requests can be made at time of booking but cannot be guaranteed.

Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between Australia and Japan.

Please note that in Japan, hotel rooms and bathrooms are renowned for being small. Standard single rooms are usually smaller than a standard double or twin room, contain one small double bed (or one single bed), and are designed for one person to use. All group tour hotels have private western bathroom facilities, air conditioning, TV and a telephone. Hotels in Japan often do not have porters and you will be required to carry your own luggage. If you experience any difficulty, please speak to your National Escort/Local Guide. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards meet your needs.

PORTERAGE:

Please be aware that portorage is not included on our tours in Japan. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

TRANSFERS:

As we offer our customers a variety of airlines to suit your needs, passengers will arrive/depart in Japan at various times during the day.

You will be met on arrival at the airport by an English-speaking assistant who will provide instructions for you to make your own way to your hotel using the direct airport bus. Please note the bus will be shared with other passengers and is not just for Wendy Wu Tours clients.

If your hotel is more than a 5-minute walk from the drop-off bus stop, a taxi will be arranged for you prior to leaving the airport to meet you at the drop-off bus stop.

When you check-in to your hotel, a welcome letter will be provided with details of the group's welcome dinner or first meeting point. You will meet your national escort at dinner or, if arriving late, the following morning after breakfast at the welcome meeting.

On your departure day, you will be provided with tickets for your return airport bus, to make your own way to the airport.

TRANSPORT:

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in Japan are extremely well maintained and are comparatively smooth compared with the rest of Asia. Coaches and mini buses do not have onboard toilet facilities, however frequent bathroom stops are made for passengers comfort.

Bullet trains: Second class reserved seats are booked for our groups on bullet trains; there will be toilet facilities on board. Due to the limited space on bullet trains, a separate luggage transfer service will be arranged for all suitcases (1 case per person). You will need to pack a separate overnight bag to carry on the train as your suitcase will not arrive until the following day after a bullet train journey. Your guide will indicate when you will need to prepare for this throughout your tour.

DEVELOPMENT IN JAPAN:

Japan is a developed country and as such matches the West in modernity and technological advances. Japan is an extremely safe country and takes great responsibility in maintaining high safety standards.

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by a national escort. There will usually be no more than 28 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). A national escort will accompany each group of 10 or more. However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

TIPPING POLICY:

Although tipping in Japan is not customary, if you feel you have received an excellent service, please feel free to tip your guide at your discretion.

CULTURAL DIFFERENCE:

Japanese society and culture are built on intricate social etiquette and customs. As foreigners, we are not expected to be knowledgeable about all etiquette, but it will make your time in Japan more enjoyable if you are respectful of local customs. Some examples of scenarios you may encounter include removing your shoes and hats when entering a temple or house (some restaurants as well). You may be supplied with slippers at some places, but please come prepared with plenty of spare socks, and shoes that are easy to take off for the fairly regular occasions when they must be removed. Your National Escort will advise you of some of these other customs at the beginning of your tour.

PUBLIC HOLIDAYS:

If you are travelling within the below Japan public holidays, please note that celebrations can last a couple of days and during these times some businesses will be closed. Coach, air and train travel may also be affected. Tourist attractions will be open; but may be crowded. Showa Day is on 29th April every year, which will start Golden Week which then runs from 29th April – 5th May 2023, Constitution Memorial Day is on 3rd May, and Emperor's Birthday is on 23rd February every year.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions which demonstrate a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places, which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

PERSONAL EXPENSES AND OPTIONAL TOURINGS:

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you. Based on the advice of previous customers an approximate amount of AU\$250 per person, per week should be sufficient; however, for those that cannot resist a bargain, consider allocating a higher amount.

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Tokyo. US Dollars and Australian Dollars can be exchanged at Narita Airport and in some hotels, provided the Australian currency is new and undamaged. We suggest exchanging your money before travelling to smaller towns, as exchange facilities can be very limited. Your National Escort will remind you to do this before departure.

CLIMBING STEPS:

Sightseeing at nearly all the palaces, fortresses and some temples involves climbing quite a number of steps. These palaces were built to provide defense against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails. Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.smartraveller.gov.au as in the event of an emergency, Australian Consular assistance will be more readily available. You can also access the Australian Government's travel advisory service for up to date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
